

It is my opinion that the Mandatory Recording Proposal will penalize the hundreds of responsible local broadcasters who have never had a complaint filed.

The Capital investment for additional equipment needed to archive thousands of hours of broadcasting would be very difficult for small market operators. Our County is larger than some of the Eastern States, but has less than 11,000 residents. We are a very Small Market.

We hope you will re-consider this Mandatory Recording Proposal.

Jo Ann Juliano
